

CREATE AND CONFIGURE IBM CLOUD SERVICES:

The screenshot shows the IBM Cloud Resource list interface. The top navigation bar includes 'IBM Cloud', 'Search resources and products...', 'Catalog', 'Manage', 'Ganesh K's Account', and various icons. A search bar at the top right contains 'N'. Below the header is a table with columns: Name, Group, Location, Product, Status, and Tags. The table shows one entry: 'Internet of Things Platform-c6' under 'Internet of Things' group, located in 'Default' location, 'Frankfurt' product, 'Active' status. To the left is a sidebar with icons for databases, developer tools, IoT, VMs, and more. At the bottom is a Windows taskbar with various pinned icons.

The screenshot shows the IBM Cloud Service Details page for the 'Internet of Things Platform-c6'. The top navigation bar is identical to the previous screen. The main content area shows the service name 'Internet of Things Platform-c6' with an 'Active' status and a 'Add tags' button. On the left is a 'Manage' sidebar with 'Plan' and 'Connections' options. The central area features a graphic of a central node connected to multiple peripheral components. Below it is a section titled 'Let's get started with IBM Watson IoT Platform' with a 'Launch' and 'Docs' button. At the bottom, there's a 'Ready for the next level?' section with three steps: 'Lite' (selected), 'Non-Production', and 'Production'. Each step has a brief description. The bottom of the screen shows a Windows taskbar with pinned icons.

The screenshot shows the 'Browse Devices' page of the IBM Watson IoT Platform. On the left is a sidebar with icons for Home, Devices, Rules, Insights, and Settings. The main area has tabs for 'Browse', 'Action', 'Device Types', and 'Interfaces'. A large button labeled 'Add Device' is at the top right. Below is a search bar and a 'Search by Device ID' input field. A 'Device Simulator' toggle switch is also present. A table lists one device: 098765432, which is disconnected and of type PublishData. The table includes columns for Device ID, Status, Device Type, Class ID, and Date Added. At the bottom, there are pagination controls and a note about the number of items per page.

The screenshot shows a web browser window titled "IBM Watson IoT Platform" with the URL "w0m4la.internetofthings.ibmcloud.com/dashboard/devices/types". The page displays a list of device types. On the left is a sidebar with various icons. The main header has tabs for "Browse", "Action", "Device Types", and "Interfaces", with "Device Types" being the active tab. A blue button labeled "Add Device Type" is visible. Below the header is a search bar with placeholder text "Type the name to search f...". The main content area contains a table with the following data:

	Name	Description	Number of Devices	Class ID	Date Added
>	PublishData		1	Device	Nov 12, 2022 10:49 AM

At the bottom of the table, there is a pagination control showing "Items per page 10" and "1 of 1 page". The browser's address bar shows "w0m4la.internetofthings.ibmcloud.com/dashboard/devices/types". The system tray at the bottom right shows weather information (27°C Haze), battery status, and the date and time (12:13 PM 11/19/2022).
